ABOUT IT SERVICE

Laughing Rock Technology provides fresh and innovative technology solutions to companies of all sizes. Our goal is to help inform and educate our clients as to ways they can better utilize technology to achieve their business goals and to also let them know ways they can leverage existing hardware and software more effectively in order to “do more with less”.

OUR PRODUCTS

- Our cabling and server room design team can help with your next construction project, office move, or remodel
- Onsite tier I, tier II, and tier III technicians
- Unlimited support contracts allow your staff to call or email us directly without worrying about “Bill Shock”
